

NZFMR Celebrating Denny Hulme Mini Historic Formula Ford Championship

(Not little mini versions of Formula Fords....a mini version championship for regular sized Formula Fords)

How the points are worked out:

- You get a point per position, ie. 1st = 1 point, 2nd = 2 points and so on.
- If you DNF/DNS/Did Not Enter a race, then you drop to the next "division" as it were. Thus we have seven divisions (0-DNF's thru to 6-DNF's).
- Your rank is then worked out on where you lie once everything is ordered, lowest points, least DNF's/DNS's etc.
- See...simpler than splitting an atom...
